

Why Cargille Laboratories INC. U.S.A. immersion oil for your microscopes ?

1. Carl Zeiss recommends & supplies this immersion oil along with all new microscopes.
2. The oil is tested by Zeiss for the longevity & performance of the 100x Objective.
3. To date, no other immersion oils meet the FDA criteria.
4. First in worldwide distribution of immersion oils.
5. Foremost in supplying US and foreign microscope manufacturers with "accessory" oils for new instruments including PRIMOSTAR.
